STIP AMENDMENT 98S-75-NOTICE

SUMMARY

This amendment programs \$83,867,000 from Los Angeles County's Unprogrammed Share Balance for 22 new projects and exchanges \$3,535,000 of Regional Improvement Program (RIP) funds for local funds on one existing project (PPNO 4293).

RECOMMENDATION

The Department reviewed this amendment and found it to be consistent with the Commission adopted STIP Guidelines. The Los Angeles County Metropolitan Transportation Authority (LACMTA) is requesting this amendment.

RESOLUTION

Resolved, that the California Transportation Commission (CTC) revise the 1998 State Transportation Improvement Program (STIP) at the end of the 30 day notice period as shown on Attachment A.

BACKGROUND

This amendment programs \$83,867,000 in Regional Improvement Program (RIP) funds for 22 new projects and removes \$3,535,000 of RIP funds from one existing project (PPNO. 4293). LACMTA has agreed to replace the \$3,535,000 reduction in RIP funds with Local funds. This amendment results in a net decrease of \$80,332,000 (\$83,867,000 minus \$3,535,000) in RIP funds from Los Angeles County's Unprogrammed Share Balance.

Attachment A shows the RIP funds for the new Local Road projects; Attachment B identifies the Local Fund commitments for these projects, which is not allocated by the CTC. Attachment C shows the Local Federal Funds for these projects, which are not allocated by the CTC.
